Subsistence

Our Vision

We believe future generations can live healthy and productive lives here. We see a future of educated, creative people who are well prepared for life. This calls for:

Safe & Healthy
Families

Excellent
Schools

Local Jobs

Cultural Values
& Tradition

Our Strategies

- Managing our natural resources with local voices to continue our way of life
- Welcoming sustainable economic development based largely on renewable resources that do not threaten our Land, Water, or Way of Life
- Coordinating infrastructure planning for stronger, affordable communities
- Locating new sources of capital and investment

We Are United

To secure a prosperous future
